

KTMExpress changes

- Order Status
 - a. When the order is created, the default status should be "New Order Created".
- In Case of super Admin, Admin and branch manager the orders should be or grouped by order status.
 - a. i.e., add dropdown links to the sidebar for every order status
- Print Label
 - a. Printing the labels should be in bulk as well, create checkbox and select all option and then print all. (generate pdf)
 - b. Also print label option should be inside the view order page in single page
- In post comment the username should be displayed.
- Assigning Job
 - a) Assigning job should also be in bulk and single as well
 - i) Bulk assigning can be from delivery boy's user details page
 - ii) And for single order to assign it can be done from the order details page.
- Open ticket
 - a) Create ticket with options in dropdown like general, cod transfer, order processing or return
 - b) And text area for message.

- Order Change log
 - a) Change log should be recorded for every action with user names , and order ids,
